

DSCA News Flash - Transportation

Dear {Contact_First_Name} {Contact_Last_Name},

This News Flash info is provided to members on the **DSCA Transportation Committee** and to individuals who selected the **Topic of Interest = Transportation**.

Attached is an invitation to a May 27th webinar of interest to all who are exploring EV charging stations for your condo. Note that the time for the live webinar is Pacific Time, so adjust accordingly!

On another note, DSCA's survey of condo/townhouse members is finishing. As you recall from our March EV Subcommittee meeting, this survey included a few questions to determine downtown condos' implementation of electric vehicle charging infrastructure. When the results of the survey are tabulated, we will meet again to create a more comprehensive survey for the condos who expressed an interest in developing this interest.

One more note: If any of you have progressed in your research or planning, and are willing to share your knowledge and experience with the Subcommittee, I'd appreciate hearing from you.

Click Here to Register!

For Information About Registration, Please Contact **Maddy Reznick** at:

maddy@cwcleancities.org

The DSCA Electric Vehicle Subcommittee will meet soon to review any comments from downtown residents and business members. Please let us know if you have comments on any of the above news items.

Best regards,

Alan Freedman
Chair, DSCA Electric Vehicle Subcommittee
